Description :

- SWEED MODEL 517 SCRAP CHOPPER With Dump Hopper

Features:

- The Model 517 XHD provides a large cutting capacity. This is the chopper of choice for custom applications or for operations converting substantial quantities of linear scrap materials. Prepared for an abusive environment, the 517 XHD has a strong 1/2" plate steel housing. The 517 XHD also features a magnetic starter to protect workers from an unexpected restart after loss of power. The powerful air activated feedworks is controlled with a footswitch for operator safety, and is also capable of despooling scrap wire and cable from reels.
- Additional safety options are available. Material Reference The recommended model of scrap chopper is determined by scrap size, scrap volume, and requested custom features. Please consult a SWEED representative to determine the appropriate scrap chopper for your application.
 - » High-tensile bale wire
 - » Small, solid, aluminum and copper bars
 - » Jacketed and non-jacketed wire and cable
 - » For other materials, consult SWEED
