

Machinery for the Woodworking, Stone,
Glass, Plastic, and Metalworking Industries

Date : 04/20/2024 - 4:20 AM *
EXF # : CR-300024
Category : CLAMP CARRIER-MANUAL/AUTO
Brand / Model : QUICK "14 SECTION STANDARD DUTY-P"
Machine Type : CLAMP CARRIER (PNEUMATIC)
Year of Mfg. : 2024
Condition : Brand New w/Warranty
Elect / Voltage : 220 or 460 V, 60 Cy, 3 Ph
Special Note :

FOB / Region : WEST COAST
Appr. Repl. Cost. : \$ 50,600
Price : **\$ 50,370 ***
Comment : Brand new equipped for 2 operators
Leasing : Lease for \$ 1,012/Mo. at NCL

* Pricing is valid at the time of printing and subject to change at any time.

Description :

- **QUICK 14-Section Pneumatic Clamp Carrier with 16-1/2' width capacity and Glue applicator**
With (15) Standard zinc plated clamps per section (210 clamps total), 48" opening on clamps

Standard Features include:

Clamps jaws are 3-1/2" high x 4-3/4" wide with 1° inward draft to keep stock securely held down. Clamps use 3/4" dia. full-length screws; corrosion resistant, zinc plated, full box frame. For face gluing, Rocking Plates available as optional equipment

(2) Panel Flattener with easy to use controls.

(2) Pneumatic Clamp Tightener; 3,000 RPM air wrench is 5 to 10 times faster than competitive tighteners; two-handed, trigger activated tightener is more confidence inspiring than the old ergonomically awkward "swing-style" clamp tighteners. Fast tightening and full-length clamp screws eliminate need for manual adjustment of rear clamp jaws.

Electric Motor Rotation; push button, automatic cycle with indexing. Automatic Rotation Cycle includes entire sequence; reverse rotation, front-rest out, forward rotation, front-rest in, and lay clamps on front rest. Perfectly! Every time!

Complete with:

Foot levelers, coiled air lines, flexible conduit for electric wires, automatic air line oiler, high quality urethane finish coating, and tool box with spare parts & tools.

14-Section Clamp will produce 300 panels
